

Features

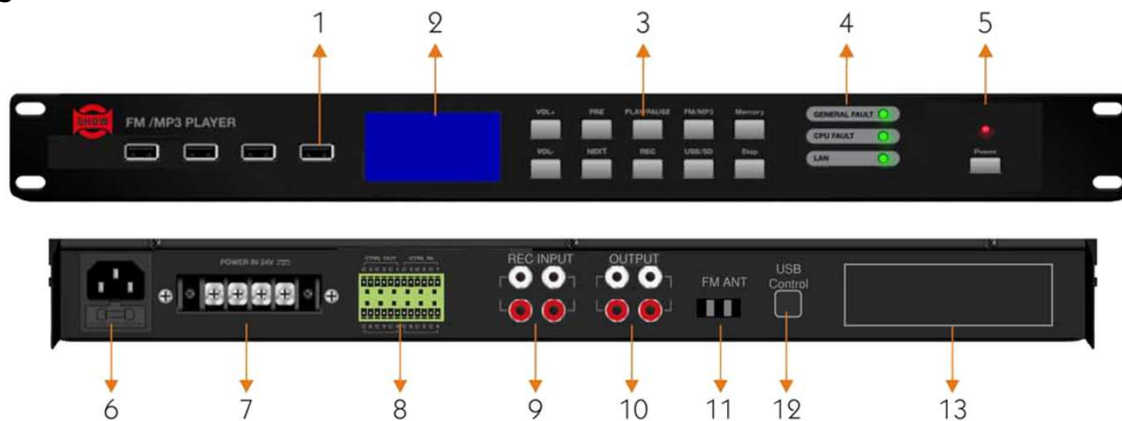

- USB MP3 player
- FM radio
- Timer
- Dante ULTIMO option module

VAS-100BGM is a music source device for the Voice Alarm System (VAS). It is equipped with a multi-port USB MP-3 player and a FM tuner with 32 radio station presets. A timer function allows to program the playback of any music file at any time, including the setting of starting and ending points. An optional Dante ULTIMO module can be used for digital audio transport. For additional flexibility GPIO 6 IN/ 6 OUT are also available.

In addition to VAS-100BGM, the Voice Alarm System includes the following devices:

- VAS-3606 : Host Amplifier
- VAS-3606EX : 6 Partition Expander
- VAS-3600SA: Standby Amplifier
- VAS-100EOL: Speaker Line Detection Module
- VAS-100NET: Network Manager
- VAS-100RVC: Remote Zone Volume Control
- VAS-64RFM, RMP, EX: Fireman, Paging, Expander Stations
- VAS-100DS: Backup Power Supply
